Strategic and  
operational  
management  
of product.  
project.  
program.  
portfolio.

« I have over 20 years of experience in project and product management, both at the strategic level and in operational delivery.

Éric Martineau

## Today's companies must stand out from the competition while living the following challenges

← **An insufficient organizational capacity to do the job in relation to demand.**

I allow you to quickly fill a full-time need in your teams. >

Member of  
your execution  
teams

← **Financial losses related to projects that drag on.**

I help you to find the solution to your problem and to prevent the situation from deteriorating. >

Recovery of  
projects in  
difficulty

← **Difficulties in delivering the expectations and value of the company's strategic plan.**

I help you to be more efficient and effective in a constantly changing digital world. >

Help to improve  
your operations

← **Lack of time, skills and/or abilities in project and program management.**

I enable your resources to be more confident and efficient in their roles and responsibilities. >

Personalized  
support

← **Demobilization of resources due to difficulties in delivering what is required from them.**

I help resources grow and stand out by improving their skills and abilities. >
